

CPD and SLE Improvement Offer

Dear Colleagues,

A very warm welcome to a new school year! I hope you have enjoyed the summer break and managed to have some much-needed down time.

As you are aware Bright Futures Educational Trust were successfully designated as Teaching School Hubs for Trafford & Salford and Manchester & Stockport, and we are hugely excited as after an intense few months of preparation and planning they are now 'live'! We are thrilled we now have a much bigger Teaching School Hub staff team funded with our DfE infrastructure grant, so we have the capacity and experience to continue to build on our successes and are able to offer the best support to schools in our Teaching School Hub areas.

Despite the closure of Teaching Schools as a whole, the Alliance for Learning will continue to exist in it's own right providing high quality professional development and school to school support, to ensure our schools across the region are in the best position to maximise performance in the classroom and develop and support school and system leaders.

I wish you all the best for this academic year and I hope it brings us together, in person, more than the last year did.

Best wishes,

Lisa Fathers

Director of Development, Partnerships & Teaching School Hubs

SLE
